PRIVATE MEMBERS' MOTIONS

1. *Mr. Nixon*—Resolution—That in the opinion of this House advertising promotions for alcoholic beverages should be subject to controls which will reduce their effect on young people, and that the government of Ontario should initiate discussion with the Government of Canada and the other provinces leading to the over-all control and reduction of liquor advertising and the elimination of so-called "life style" advertising.
3. *Mr. Smith* (Hamilton West)—Resolution—That in the opinion of this House, Reg. 1008/75 of the Liquor Licence Act, 1975, Chapt. 40, S.O. 1975, be amended in order that an establishment classified as a major league professional baseball stadium, may sell beer, providing that such sales are conducted at designated facilities and in a manner to minimize litter and the risk of injury and in accordance with other regulations which may be prescribed by the Board, such licence to be issued for a six-month trial period only.
4. *Mr. Hall*—Resolution—That in the opinion of this House every effort should be made to encourage the consumption of Ontario-grown fresh and processed fruit, vegetables, jams, juices and wines, and that the government of Ontario should require that all fruit, vegetables, jams and juices consumed in provincially operated facilities, whether purchased directly or by contract caterers, exclusively be Ontario-grown fresh and processed fruit, vegetables, jams and juices at all times that such are available for purchase.

 6. *Mr. Swart*—Resolution—That, in the opinion of this House, there now being some form of regional government covering more than sixty per cent of the population of Ontario and independent review studies of three regional governments completed or nearing completion, the General Government Committee of the House should be authorized to conduct, by itself or through a subcommittee, a full enquiry into the costs and benefits of the Ontario regional government system generally, and without limiting the generality of the foregoing, to examine in particular: 1. The costs of providing various municipal services to residents of communities inside regional governments compared with the costs in communities outside regional government. 2. The degree of duplication, overlap, bureaucracy, and redundancy in inter-municipal and municipal-provincial relationships of regional versus non-regional local governments. 3. The perceived and actual public accountability of the regional systems. 4. Alternative methods to the full-fledged two-tier system of local government.
 7. *Mr. McNeil*—Resolution—That in the opinion of this House every person who purchases a lot created by a land severance in an agricultural area shall be deemed to be aware of the farming practices in that area and no governmental organization should give effect to a complaint filed by such person concerning those farming practices of which he is deemed to be aware. *To be debated May 12, 1977.*
 8. *Mr. Reid* (Rainy River)—Resolution—That in the opinion of this House a joint state-provincial commission should be established between the Province of Ontario and border states (Minnesota, Michigan, New York, Ohio, Pennsylvania, Wisconsin) of the United States to study and discuss matters of mutual concern.
